The astonishing new casting of Anti-Hero is already creating a buzz and the fans have been vocal about who their ideas are on the girl they want to see donned with the red suit. Can somebody help me out here and let me know who I should be focusing on right now? It's kind of hard to say "meh" to all of them. The cast of the first season alone contains so many talented people and I can't even guess who will make it to the final cut. I could be wrong, but I'm seeing a lot of actors on that season roster and I'd love to have even some of them on the series. Including Tatiana Maslany, who's done such a good job as both Yukito and Moira. I've been hating the haters on this thread, but I think they're right. If we get a character based on what the fans like, she'll end up being a butt-monkey who's so much of a total spineless
